Do you lack digital expertise in  
your business?

Are your IT systems out of date  
or non-existent?

Have you a desire to market  
your services online?

Or set up an eCommerce store?

Dorset Growth Hub are running a series of  
advisor-led clinics to help companies assess  
their digital capability.

Taking place at various locations across  
the county throughout January, February and  
March 2015, these clinics will serve as an  
access point to Dorset Growth Hub's  
Digital Growth Programme.

Receive free advice, a digital health-check  
and support to alleviate the symptoms.

Call Tony Latham on 08454 586 480 to book  
an appointment or simply "drop-in".

# Digital = Growth

The Dorset Growth Hub has been established to support businesses that want to grow and increase employment and overall competitiveness of Dorset as a place to do business.

The Digital Growth Programme is a series of clinics and workshops and a one-to-one advisory service aimed at supporting Dorset-based businesses.

The Digital Growth Programme is funded by the Dorset LEP and delivered in partnership with Dorset Growth Hub and Dorset Chamber of Commerce and Industry

Do you keep hearing about Content Marketing and wonder what it is?

Is the Internet of Things going to change your business?

What is the difference between PPC, SEO and PDF?

The digital world is moving at such a pace that it can be difficult to keep on top of trends and techniques in this fast-moving environment.

Each of these events, organised by Dorset Growth Hub, invites expert speakers from some of Dorset's leading digital businesses to share their knowledge and dispel the myths.

Get first-hand advice about the digital growth of your business.
