Digital Toolkit and Webinars

The digital toolkit will enable the 24 trainees to further adapt resources for their own specific and/or local needs. It will be made available to a wide audience via partner networks, social media and online traffic.

Support materials will be an integral resource for the toolkit as teaching aids/resources for adult education professionals.

Dutch partner PROWORK is going to collate all material references for inclusion in the digital toolkit before the project end and make available for the final project conference multiplier events.
