

WOMIN Multiplier Event Meetings

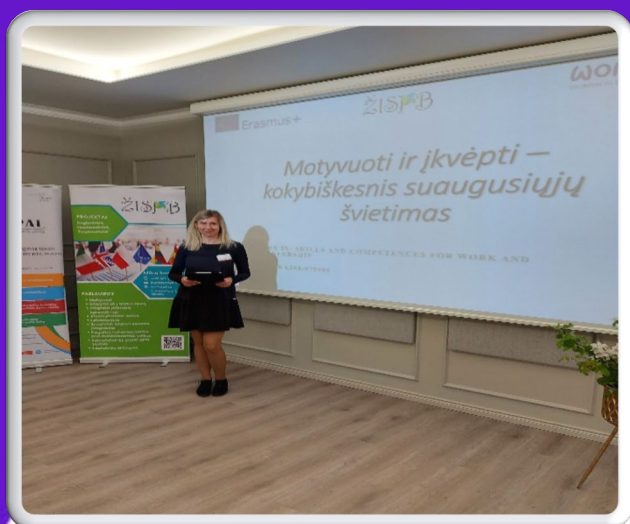

The events took place face-to-face in the partner countries with the participation of a high number of women. In the events, where the interaction was quite high, the participants were made to do activities under the topics such as correct communication and being a healthy team, which form the basis of entrepreneurship.

The events started with information about the project process and continued with detailed presentations about the intellectual outputs.

The contents on Youtube and Livestrom platforms were introduced and demonstrated. Participants were enlightened about digital content and QR-coded documents were shared so that they could easily access the project outputs.

The events ended with the implementation of the evaluation questionnaires, the presentation of certificates and a souvenirs to remember the WOMIN.

Co-funded by the Erasmus+ Programme of the European Union
