YOU ARE INVITED TO WOMIN MULTIPLIER EVENT

WSX Enterprise invites you to the Multiplier Event of an Erasmus+ Project as part of “Women are In: Skills and Competences for Work and Entrepreneurship, WOMIN”.

The event will take place on Monday 21st November at 10 am in the Aldershot Enterprise Centre and all stakeholders interested in the subject of women in self-employment are very welcome to attend.

This multiplier event will allow summarising the successes of the programme which will be ending this November and delivered over the last 2 years.

The project’s aim was to bring unemployed women closer to employment and self-employment. The programme delivery was focused on social and digital skills.

During the event, WSX WOMIN trainers will share their experience and knowledge gained during the programme’s delivery.

Stakeholders will be able to learn how to empower women and how to encourage them to be self-employed. They will also be signposted to valuable resources.

Over 2 busy years, there were several training sessions delivered to women by four WSX coaches. The topics included: communication, self-employment, critical thinking, networking, digital tools, social entrepreneurship, and social economy.

The modules allowed women to gain the skills and confidence needed in their journey towards financially independent lives.
